

# Homework Success at your school in 7 Steps

## #1 TRY SHOW MY HOMEWORK, IT'S FREE

First, it's free and takes less than 60 seconds to sign up. Secondly you can start posting homework questions right away. They appear on your school homework calendar instantly. It's that simple and straight-forward.

## #2 INVITE COLLEAGUES

Share the goodness of Show My Homework by inviting your colleagues to start using it – Empower them to post homework questions for their classes. You'll save them plenty of time!

## #3 MAKE IT EASY FOR YOUR STUDENTS

Put a Show My Homework button on your school website and make it dead-simple for students and parents to view the school homework calendar. Kill two birds with one stone by giving your school community another reason to visit your school website.

## #4 GET PARENTS INVOLVED, THEIR SUPPORT WORKS!

Write a letter to parents and tell them about the steps you're taking to solve school homework problems. Get them excited about how you are transforming your school with e-learning!

## #5 LOVE MARKING HOMEWORK AGAIN

When you teach full-time, you have a never ending list of things to do. Collecting, marking, and giving back homework also takes time and effort. With Show My Homework, you can forget about the admin and just concentrate on the marking. We'll do the rest!

## #6 REUSE, REUSE, REUSE

Save more teaching time by reusing homework questions you have already created. We love recycling! At the same time you're always just a few clicks away from using one of the thousands of homework questions available in the Homework Directory – Packed full of goodness.

## #7 FEEDBACK IS THE BREAKFAST OF ALL CHAMPIONS

We're pretty sure students are honest when it comes to giving their feedback. That's why we encourage you to ask your students what they think of Show My Homework. There's a good chance that if they love their homework calendar, they are going to spend a lot more time checking their homework and completing it!

“

I will be forwarding this to my daughter's school! I have been testing it a bit this last week or so and kids are refusing to do homework unless it is on the homework site!”
